Erasmus+

What is Erasmus+ ?

- The EU's programme to support education, training youth and sport
- Funding for programmes, projects and scholarships
- Fosters EU-EU and EU-international cooperation

Higher education opportunities for individuals from outside Europe

Credit mobility + scholarships

Short-term studies in Europe that will count to your degree back home

Erasmus Mundus Joint Master Degrees + scholarships

A full degree programme at Master level, with study at two or more universities

What are the benefits ?

- Have a unique learning experience in Europe
- Receive double/multiple/joint degree, or recognition of your study abroad
- Acquire in-depth knowledge of Europe and European higher education
- Improve linguistic skills, intercultural experience
- Improve employability
- Academic exchange of knowledge, ideas, contacts

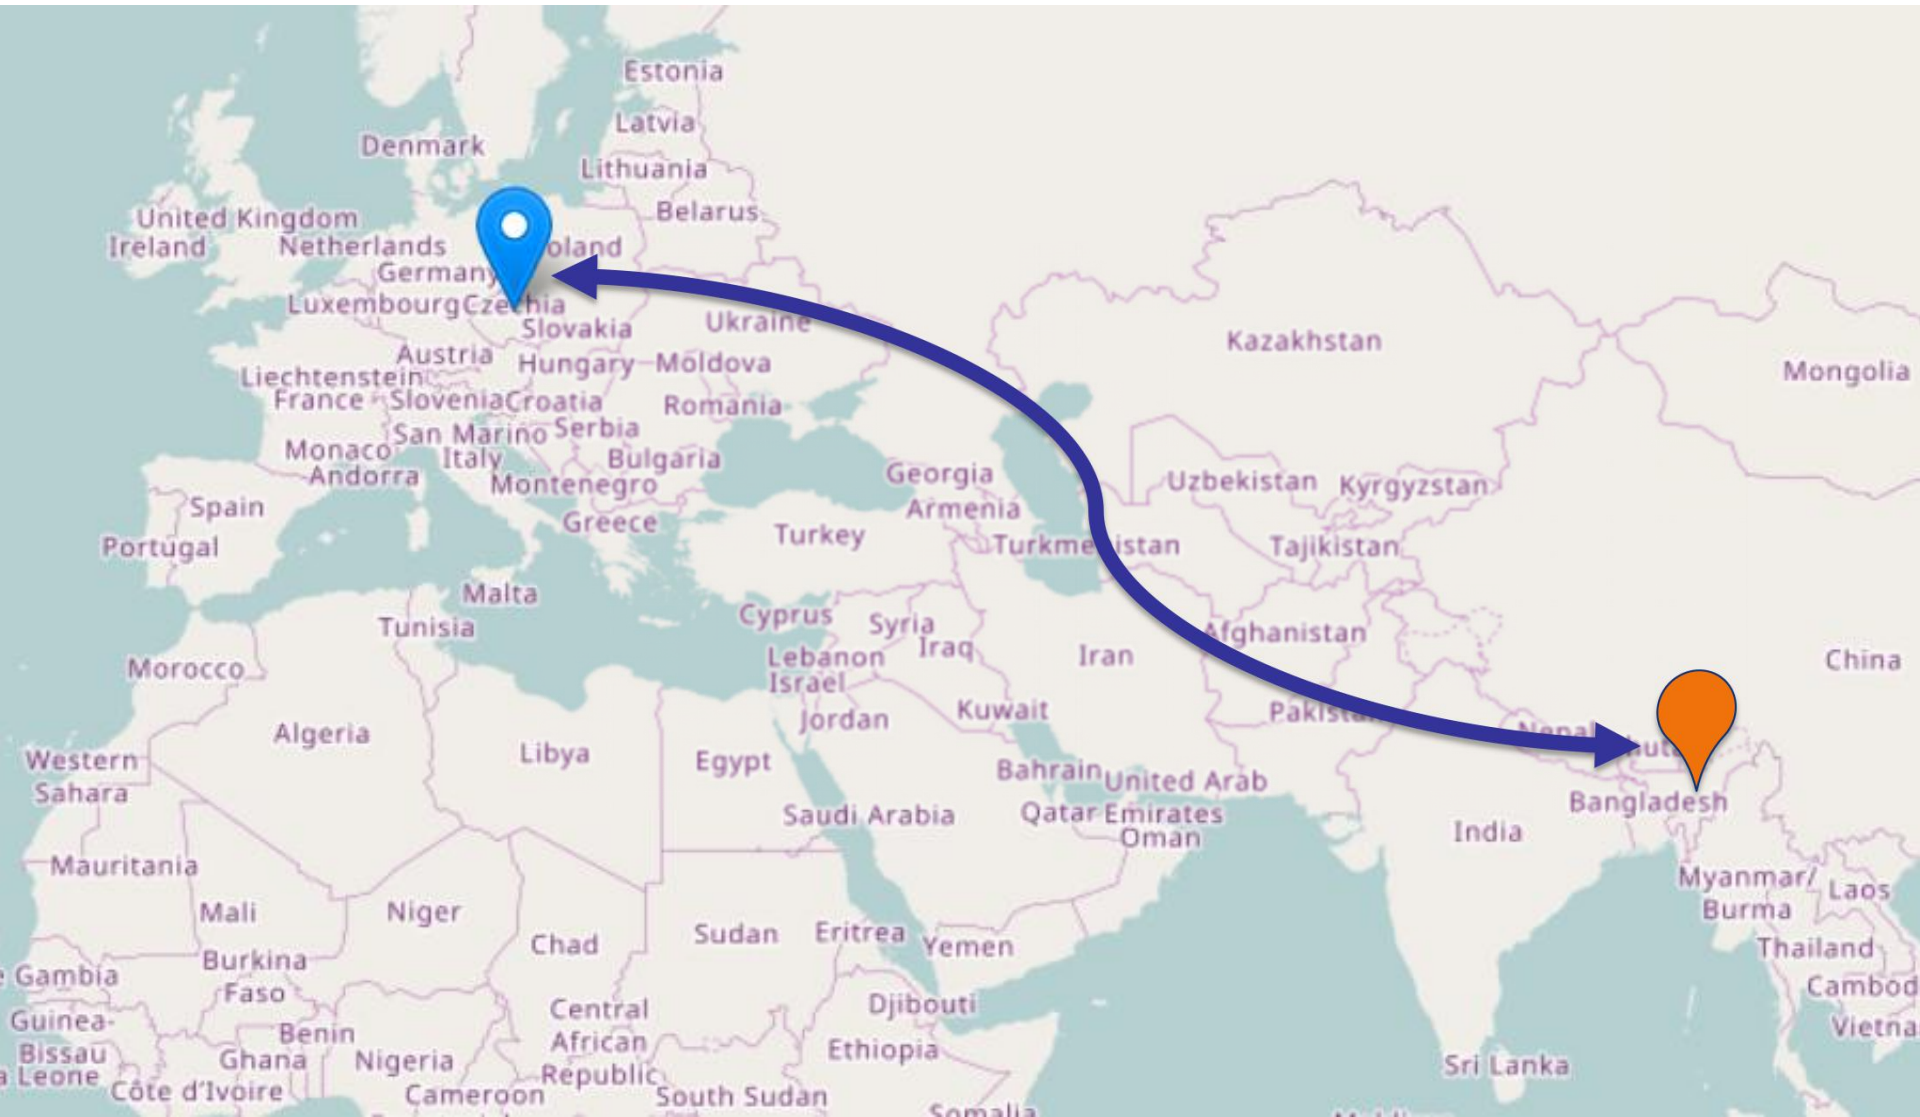

International credit mobility

Credit mobility in brief

- Short-term studies in Europe that will count to your degree back home
- Mobility for Bachelor, Master and Doctoral students – and for staff
- Study periods of 3 – 12 months, traineeships of 2–12 months
- Grant for travel and subsistence

- In 2018, Sunil went from Indian Institute of Technology Guwahati to Univerzita Pardubice in Czechia
- 5 months bachelors studies in engineering

Credit mobility: how to apply?

Contact your own university's international relations office to see:

- which agreements it has
- which study programmes are open for mobility

Credit mobility and India

Each year:

- Scholarships for over 300 Indian students and staff to go to Europe
- Over 100 Indian universities involved
- 74 European universities in 26 different countries

Erasmus Mundus Joint Master Degrees

Erasmus Mundus Joint Master Degrees

- A full degree programme at Master level, with study at two or more universities
- Full-study scholarships for students from all over the world
- Choose from a list of 123 Masters courses

Erasmus Mundus Joint Master Degrees in...

Aquaculture
Nano-Engineering
Documentary Film-making
Women and Gender Studies

Puppetry
Public Health in Disasters

Social Work
Digital Communication

Vaccinology
Evolutionary Biology

Cartography
Security & Intelligence

Food Innovation

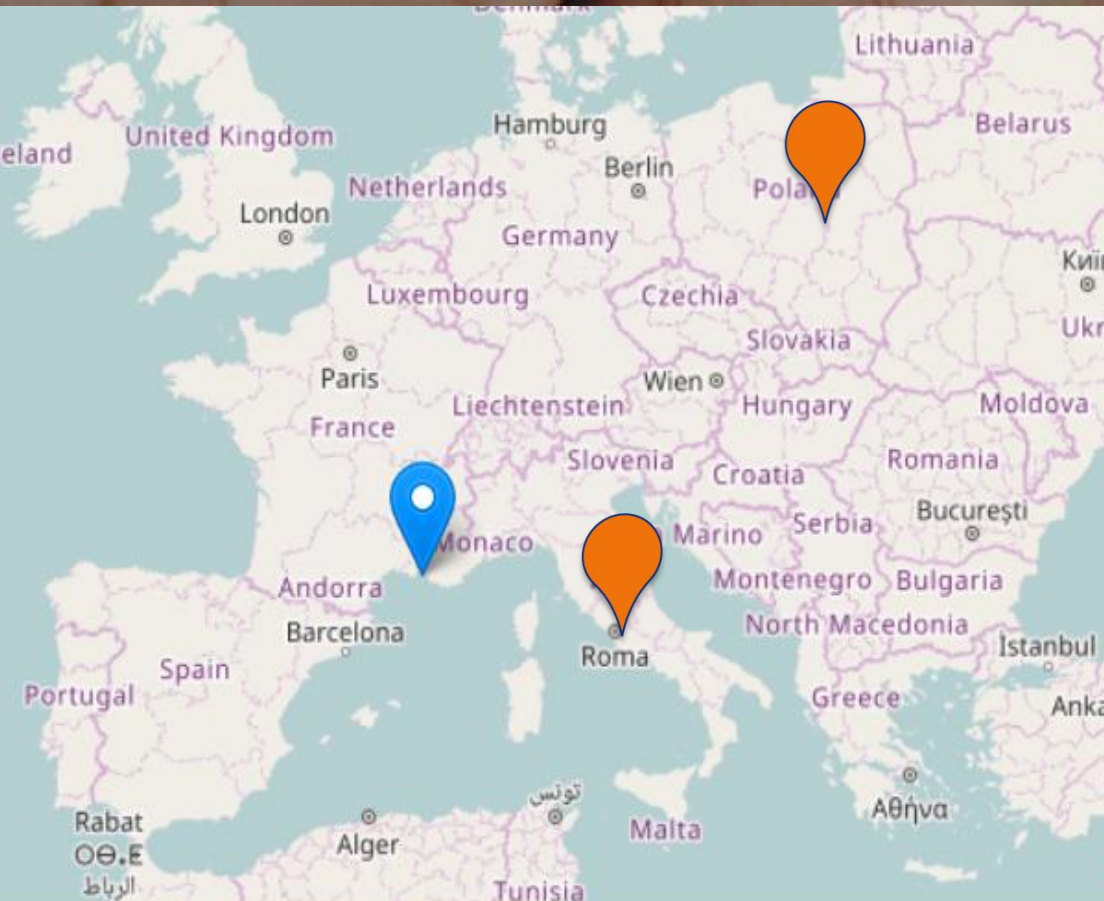

Ankita is currently studying

Chemical Nano Engineering

She started last year in Marseille in France.

Her second year is currently split between Wrocław in Poland and Rome in Italy

How to apply for a scholarship

Masters consortia select students

- Check the list of Master courses
- Apply directly to the course
- Apply now (late 2019 or early 2020) for programmes starting in September 2020

<http://europa.eu/RN87Kc>

What languages will you need?

- Vast majority of Master courses are taught in English, but...
- ...whatever the language of instruction, it is important to have the right level of linguistic ability, and...
- ...chance to enroll in tailor-made language courses, add to your skills and improve your employability

If you are successful:

- Prepare your visa requests/other administrative procedures
- Ensure you have all the necessary documents ready well in advance (originals, certified copies)
- Ensure that you are properly informed about your rights and obligations laid down in the student agreement
- Ask advice and support from fellow students who have already benefited from an EM scholarship (see EMA website)
