VILNIUS GEDIMINAS TECHNICAL UNIVERSITY

VILNIUS GEDIMINAS TECHNICAL UNIVERSITY

9 600 STUDENTS

12% INTERNATIONAL STUDENTS
FROM OVER 80 COUNTRIES

1 700 EMPLOYEES

76 000 ALUMNI

34 BACHELOR'S AND MASTER'S DEGREE PROGRAMMES TAUGHT IN ENGLISH LANGUAGE

10 PHD RESEARCH FIELDS

VILNIUS GEDIMINAS TECHNICAL UNIVERSITY

10
FACULTIES AND 6 VENUES SITUATED IN VILNIUS CITY.

MORE THAN 100 STUDY PROGRAMS

13 INSTITUTES, 3 SCIENTIFIC CENTERS, 30 RESEARCH LABORATORIES

University specializes in civil, environmental and transport engineering, architecture, aviation, electronics, fundamental sciences, mechanics, business management and economics, creative industries.

- **European** Higher Education Area
- High quality degree studies and **internationally recognized** diplomas
- Study programmes in **English** language
- **Exchange and placement programmes** in partner institutions
- **Accommodation** guaranteed for all first year international students in universities' dormitory on campus
- **Scholarship** programmes
- Students have an **opportunity to work part time**
- Relatively **low living costs**

IS AMONG THE TOP 2,1%
OF THE BEST UNIVERSITIES IN THE WORLD

QS WORLD UNIVERSITY RANKINGS 2019 — COMPUTER SCIENCE & INFORMATION SYSTEMS — RANKED

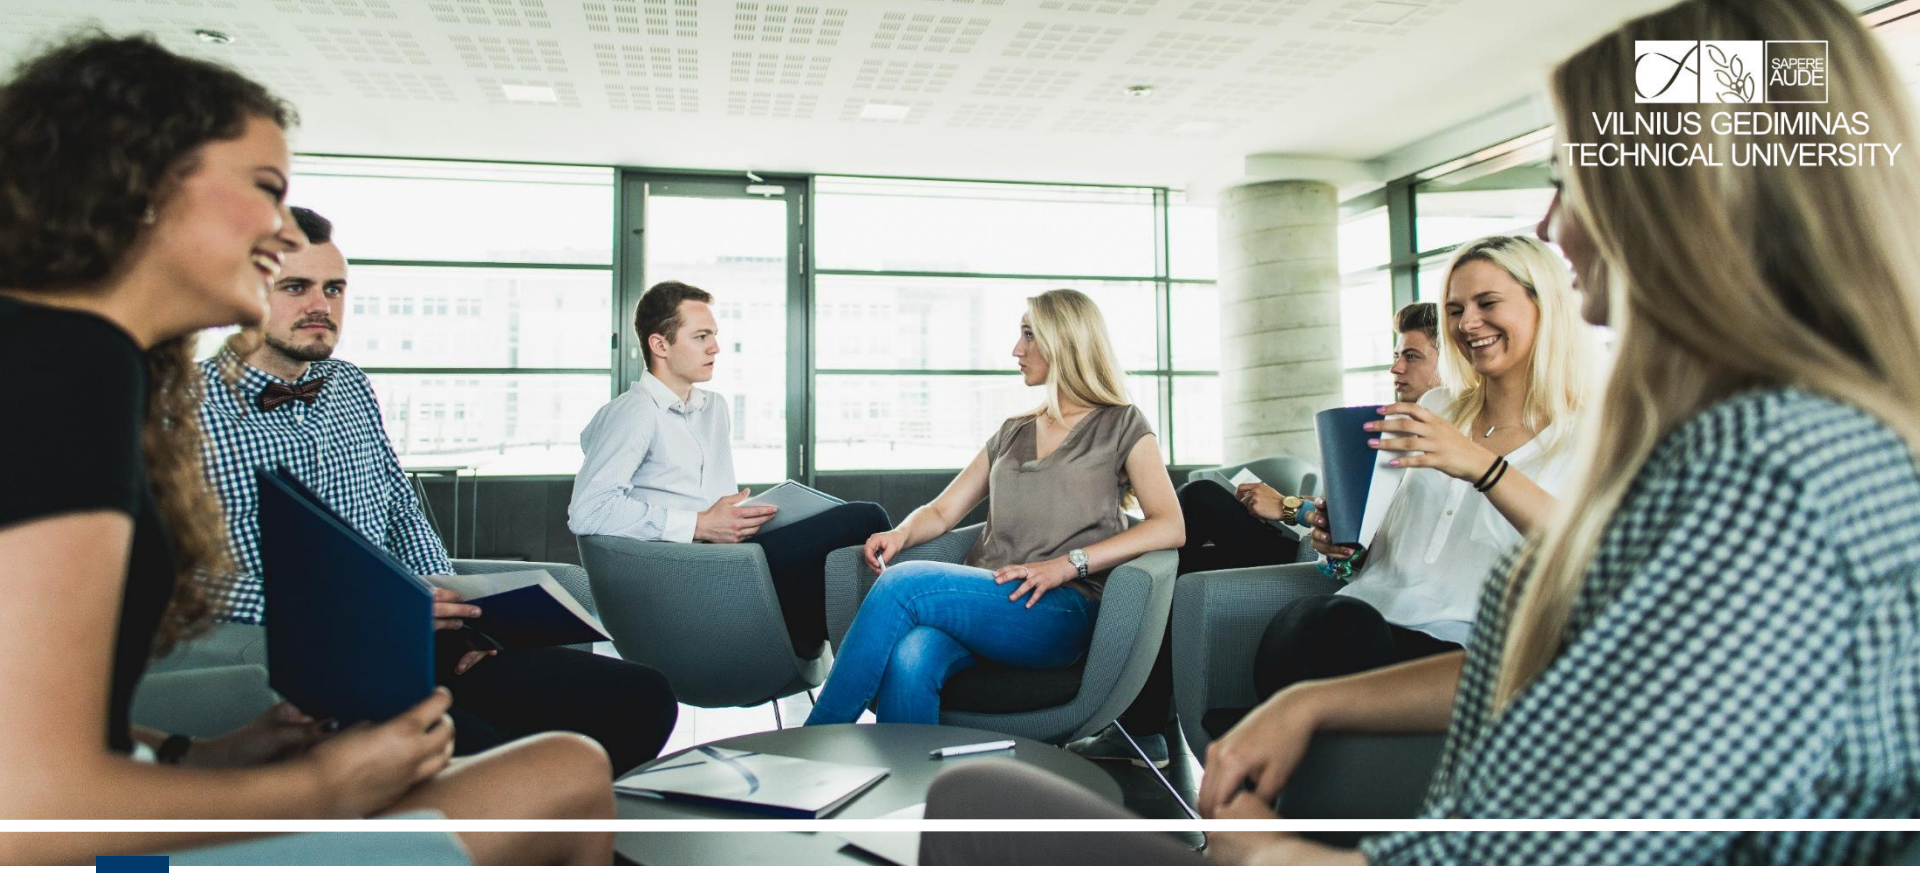
INTERNATIONAL RECOGNITIO

There are 16 Bachelor's degree programmes taught in the English language:

- Civil Engineering
- Creative Industries
- Mechanics Engineering
- Mechatronics and Robotics
- Information Systems Engineering
- Information Technologies
- Building Energetics
- Architecture (integrated studies)
- Business Management
- Computer Engineering
- Finance Engineering
- Economics Engineering
- Automotive Engineering
- Aircraft Piloting (integrated

There are 18 study programmes taught in English in Master's level:

- Business Management
- Economics Engineering
- Finance Engineering
- Electrical Energetics Systems Engineering
- Electronics Engineering
- Structural Engineering
- Environmental Protection Technology and Management
- Industrial Engineering an Innovation Management
- Mechatronics Systems
- Mechanical Engineering
- Information and Information Technologies Security
- Innovative Road and Bridge Engineering
- Computer Engineering
- Aeronautical Engineering
- Innovative Solutions in Geomatics
- Automotive Engineering
- Transport Logistics
- Biomedical Engineering
- Nanobiotechnologies



VILNIUS GEDIMINAS TECHNICAL UNIVERSITY

All students have an opportunity to spend up to **one year** studying in a partner university or doing a placement programme abroad.

The university is participating in **Erasmus+** programme for more than 15 years.

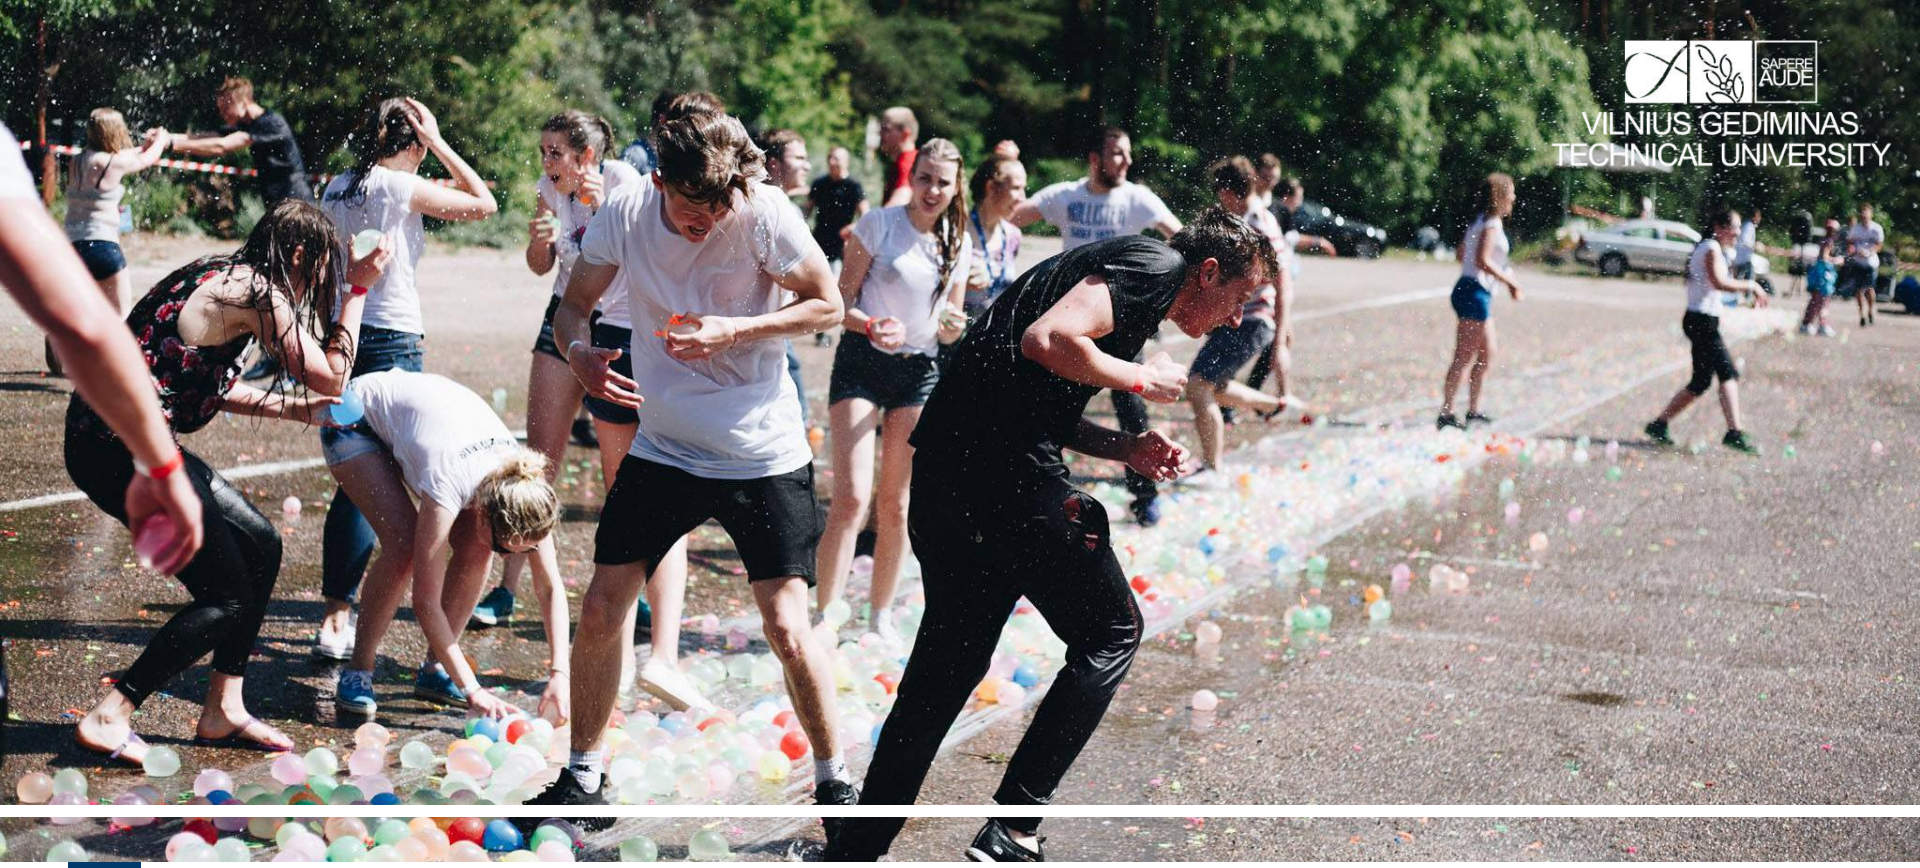
Materials for studies **20 €**
Entertainment **50 €**
Other **50 €**
Total **500 €**

- Indian citizens need to get visa to come to Lithuania
- Visa is issued within **10 days in** Lithuanian embassy in Delhi.
- Degree students get **Temporary Residence Permit** (TRP) after arrival to Lithuania. Students can work part time after receiving TRP.
- TRP is renewed **annually**
- Universities intermediate in migration processes and make them **easy**
- One year **job search TRP** after graduation.

- **The Lithuanian Language Course** (LLC) offers international students the opportunity to study one of the oldest languages in the world.
- Each student will be assigned a **local student mentor from VGTU.**



In Lithuania you will enjoy all advantages of the active style of life. You'll be in the very center of the main cultural events, exhibitions organized all over the year, meet lots of young people studying in higher education institutions of the country.

It is up to you to go to the cinema, theatre (with translation into English) or spree with friends in pubs and clubs over the night. You can also spend your spare time in university facilities: sports hall and a stadium in the university campus, playing basketball, football, table and lawn tennis or jogging.

FUN

VGTU creativity and innovation centre is the first of its kind in Lithuania and one of the few in the world. The centre unites students, researchers and everyone who wants to create, develop and implement their engineering ideas and creative industries' projects.

Art, engineering, management, media, studies, research, business – are the cornerstones of VGTU "LinkMenų fabrikas". The centre is a 1100 square meter venue accommodating 45 workshops and offices to empower ones' creativity and enable implementation of ideas. VGTU "LinkMenų fabrikas" has wood, metal, electronics, 3D printing, and painting workshops, as well as media labs for production of advertising, two photography and video studios, audio recording

CREATIVITY CENTRE "LINKMENŲ FABRIKAS"
