## CEU UNIVERSITIES

The **Fundación Unversitaria San Pablo CEU**, founded in 1933 by the **ACdP (Catholic Association of Propagandists)** was established with the intention of making a positive impact on society through its educational centers. These centers provide training in the framework of a comprehensive educational experience while striving to impact society in favor of justice and the defense of all human beings. The institution's objectives are rooted in its quest for achieving academic and professional excellence, innovation in its educational projects and teaching its students values and human virtues.

The institution comprises **25 educational centers** ranging from primary education to postgraduate degrees and vocational training. We currently have centers in Madrid, Barcelona, Valencia, Murcia, Castellón, Alicante, Vigo, Jerez, Elche, Sevilla, Vitoria and Valladolid.

Teaching excellence at CEU stands out in over 200 degrees that are offered at our 3 universities in Madrid, Barcelona and Valencia:

**CEU San Pablo University in Madrid** is a long-standing institution of great prestige that has educated influential members of society such as CEOs of multinational corporations, doctors, architects, diplomats and journalists.

The **Abat Oliba CEU University in Barcelona** is a university that was designed to promote personalized teacher-student relationships. Classes are organized in groups of a small number of students who receive comprehensive attention through individualized Programs that are specifically developed for them.

Our university in **Valencia, CEU Cardenal Herrera**, is one of the most international universities in Europe, where students from more than 90 countries fill the classrooms. This university provides the space to learn and share experiences with students from all five continents.

## ADVANTAGES CEU

### The largest private educational institution in Spain

We are the only one that has 3 Universities in Madrid, Valencia and Barcelona.

### Tradition

More than 85 years of experience dedicated to training students from 2 to 90 years old.

### International Vocation

Our students come from over 70 different countries and we have a wide offer of bilingual and English degrees.

### Employability

In some of our faculties, an average of 95% of the students find their first job right after completing their studies.

### Research

We are the only institution that involves students in advanced research projects throughout their degree, offering them first-hand experience with the value of scientific progress.

## INTERNATIONAL BILINGUAL Programs

CEU international bilingual Programs offer students the opportunity to study a semester abroad at some of the best universities in the world. These Programs, offered as part of a unique European agreement, award students with a certificate issued by a prestigious university in the United States in addition to their official degree from CEU.

### CEU - Boston University Program *International Business Certificate*

**Boston University** is ranked 32 in the US News and World Report 2015 Top 500 World University Rankings. This Program, which celebrated its 10th anniversary in 2016, is open to those studying international undergraduate degrees in Business Administration and Management and Advertising and Public Relations (and related dual degrees). It allows students to enhance their knowledge of internationalisation and earn the International Business Certificate granted by the Boston University Metropolitan College International. International degrees (and double associated degrees) of:

- Business Management
- Business Intelligence
- Advertising and Public Relations
- Economics

### CEU - Fordham University Program *Certificate of Compliance LLM + NY Bar Exam (optional)*

**Fordham University** is a Jesuit, Catholic university founded in 1841 in New York. Through an agreement between CEU and Fordham's prestigious School of Law, a Program has been created for undergraduate students completing a bilingual degree in Law and European Law interested in moving on to study an LLM, building their career in International Law or sitting for the New York BAR exam. Upon completion of this Program, students will earn a Certificate of Compliance granted by Fordham University.

- International degree (double associated degrees) of Law

### CEU - The University of Chicago Program *Clinical Trials Management*

The **University of Chicago** is the 10th best university in the world according to the latest world ranking of universities and, in its more than 120 years of history, has counted among its members with 89 Nobel Prizes and has not ceased in its effort to promote the generation of New ideas and reflections.

Through this Program, the student will receive a solid training in clinical trial management, an area with high job placement in the pharmaceutical sector, which will also accompany an observational study in Chicago hospitals. International degrees and double associated degrees of:

- Pharmacy

### CEU - UCLA Program *Digital Media & Strategic Communications*

**UCLA** has been active for over a hundred years and is ranked 12 in the Shanghai Jiao Tong University world ranking. Thirteen Nobel recipients have graduate from this institution until today.
