Living Know/ ledge

“To explore” is the favorite verb of people who like to create pathways, generate possibilities and provide answers to the questions that drive life. This calls for a constructive attitude, time and, above all, a clear goal. At the crossroads of knowledge, where art, research and teaching come together, each degree program is a world unto itself, but all share the same core mission: to discover who you are, what your talents are, and where, how and in what field you can display them.

The campus emerges as the ideal place for those who share concerns, knowledge and experiences. A place where dialogue between University students, teachers and researchers becomes the common thread of those who believe in the importance of knowledge.

**If you want to come,
we want you to come**
We'll help make it easy
for you.

**Money should not
be a barrier**

At the University of Navarra, we make every effort to ensure that economic difficulties are not a barrier for applicants with academic talent who want to pursue their studies with us. The Cost and Scholarship Study helps us meet this goal.

This tool offers you a personalized plan for financing the cost of your study programs based on your specific circumstances.

This tool informs you of the cost of your registration fee and offers advice on any scholarships you are eligible for, as well as other means available for financing your studies.

**We have a goal:
that you feel right at home**

A one-of-a-kind university experience. About 70% of University students come from outside Navarre, which makes housing an essential way to help students get the most out of university life.

The Admissions Office can help you identify the option that best suits you, such as a university hall of residence, university club, university residence or the CET project. Discover the different housing options here:

Our success depends on you making the right choice

At the University of Navarra we place you and each one of our students at the epicenter of our academic, cultural and social activity. Therefore, one of the priorities in the Admission's Office is to guide prospective students like you. A good choice is the first step for students to have professional success so that you can become the people you want to be.

The prestige that we have accumulated during our 60+ years of history is due to the quality of the more than 150,000 students who have passed through our class-

rooms. To join this group and achieve your goals, you need to study a degree that you like, that motivates you and gets the best out of you.

We offer you the necessary tools so that you can make the right choice according to your needs and interests in order to develop yourself in a global professional world.

We have a wide network of delegates in different parts of the world so you can contact and resolve any doubts you have about your studies, possibilities of accommodation and how to come to study at our Campus.

Interview & Test

Do you want to know your full potential?

Our orientation tools will help you identify your abilities and find the right degree where you can develop your full potential and join the job market with a guarantee of success.

01.

ORIENTATION INTERVIEW

The step you are about to take is a decisive one. At times like these, the questions are sometimes more important than the answers. The Admissions Office delegate in your area can help you identify the questions that will aid you in the discovery of your profile and the degree program that ensures your optimal development. Arranging an interview with your delegate can be a big help.

02.

ORIENTATION TEST

The University Orientation Service has developed a university orientation test in conjunction with a team of psychologists. An analysis of the results will help you choose the right university degree program to study.

When choosing your degree program, it is important to receive outside support to help you make a good decision.

THIRD BEST UNIVERSITY OF EUROPE IN TEACHING QUALITY

The University of Navarra is ranked third in Europe in teaching according to the latest Times Higher Education (THE) ranking. The center is placed on the podium of academic excellence. The first two are the Universities of Oxford and Cambridge.

TOP SPANISH UNIVERSITY IN TERMS OF EMPLOYABILITY

The University of Navarra is also ranked 45th in the Times Higher Education 2021 world university ranking.

UNIVERSITY OF NAVARRA

The University of Navarra is a Christian-inspired university established by St. Josemaría Escrivá de Balaguer, the founder of Opus Dei. Its mission is to seek out and communicate the truth, contribute to the academic, cultural and personal advancement of its students, promote scientific research and teaching, offer professors and other employees outstanding opportunities to develop and, prompted by a refined desire to be of service to others, undertake a wide-ranging endeavor of cultural communication and social promotion.
